

The World's First Electric Suction Toothbrush

# OralClean G100 brush heads

(4pieces)

## Oral Clean Toothbrush Head

1

### Anti-bacterial fine brush for sensitive teeth and gum

With its soft anti-bacterial fine brush,  
you can brush care-receiver's teeth clean and comfortably.

2

### Wide tongue cleaner made with soft materials

We increased the soft tongue cleaner's size considering  
the user environment.

We made sure that teeth won't have any damage even  
when care-receivers accidentally chew the brush.
